

Session Program

14-19 Jun 2010

**NEUTRINO2010, XXIV International
Conference on Neutrino Physics and
Astrophysics, Athens, GREECE**

***Neutrino Mixing and Masses I (Chairs: B.
Kayser, K. Zuber)***

Aithousa Mitropoulos
Megaron, Athens - Greece

Wednesday 16 June

09:00

Neutrino Mixing and Masses I (Chairs: B. Kayser, K. Zuber)

Session | **Location:** Aithousa Mitropoulos, Megaron, Athens - Greece

09:00–09:20 **Neutrinoless Double Beta Decay in Particle Physics**

Speaker

Werner Rodejohann

09:20–09:45 **Introduction to double beta decay experiments and CUORE**

Speaker

Maura Pavan

09:45–10:10 **The Enriched Xenon Observatory (EXO)**

Speaker

Michelle Dolinski

10:10–10:30 **Scintillator-based experiments in Double Beta Decay**

Speaker

Kengo Nakamura

10:30
