

The Third International Workshop on recent LHC results and related topics in Tirana

Wednesday, 10 October 2018

Session 1: Lattice QCD - Fan Noli Square, 7, Tirana, Albania (11:30 - 13:30)

-Conveners: Tilo Wettig

time	[id] title	presenter
11:30	[6] Progress toward the phase diagram of QCD from the lattice	Prof. PHILIPPE, de Forcrand
12:10	[7] Factorization of fermions and the consequent multi-level integration	Dr GIUSTI, Leonardo
12:50	[8] A solvable Yang-Mills theory and asymptotic QCD dual to holography	Prof. BORIÇI, Artan
