

# European Neutrino Town meeting and ESPP 2019 preparation

22-24 October 2018, at CERN

## Bulletin number 3

Dear colleagues,

The agenda of the 2018 European Neutrino Town meeting is now complete, have a look at the Web site <https://indico.cern.ch/event/740296/>

**Please do not forget to register! if needed book your CERN hostel room using the form available from the web site, at your earliest convenience.**

### 1. Venue and times.

The meeting will take place in the GLOBE, the wooden structure situated across the street from the CERN Meyrin site (picture below). See instructions on entry badges etc... on the indico site. The registration starts in the Globe at 11:00 on Monday 22 October.

The meeting starts at 13:30 on Monday.

### 2. Posters and input documents

There is still room for a number of posters. Due to an indico error some of you may not have been able to enter a proper abstract. This is now repaired, poster abstracts can be entered. Poster abstract submission will be closed October 18.

### 3. Hot News have now been selected for the hot news session on Monday 17:00

**PTO for more on panels and ESU document**

---/---

#### 4. Scientific Panels

The preparatory homework is being carried out by four panels of members of the community, with emphasis on documenting the **complementarity and synergy** between projects.

**Panel 1 (convener [Patrick Hüber](#) )**

**Standard (active) neutrino oscillations**

**Panel 2. (Convener [Oliver Fischer](#) and [Stefan Schönert](#))**

**Beyond PMNS (Majorana and/or Dirac mass term, Heavy Neutral lepton searches from meV to ZeV, NSI, etc...)**

**Panel 3. (convener [Mikhail Shaposhnikov](#))**

**Neutrinos and the Universe ( $N_\nu$ ,  $m_\nu$ , BAU, proton decay etc..)**

**-- Panel 4. (convener [Federico Sanchez](#))**

**Ancillary measurements (cross-sections, Nustorm, NA61, Enubet etc.)**

The panels are preparing each a short summary document and will report during the meeting.

5. **A summary document** will be prepared starting next week by a writing group constituted of the local organizers and a volunteer member of each of the panels.

The summary document will be circulated within the community before 15 November for feedback, before being submitted to the European Strategy Update process before 18 December.

***We are looking forward to seeing you at CERN !***

The local organizers,

Alain Blondel, Albert de Roeck, Joachim Kopp, Marzio Nessi
