

Session Program

15-18 Oct 2018

8th HL-LHC Collaboration Meeting

Plenary session - Wednesday AM

CERN, Various rooms

Wednesday 17 October

08:30

Plenary session - Wednesday AM

Session | **Location:** CERN, 30/7-018 - Kjell Johnsen Auditorium | **Convener:** Pasquale Fabricatore

08:30–08:50 IT quadrupoles: summary of test results

Speaker

Paolo Ferracin

08:50–09:10 11T: Test results, prototyping, industrial production

Speaker

Frederic Savary

09:10–09:30 Status of industrial production for LS2 collimator devices

Speaker

Simone Gilardoni

09:30–09:50

Cold powering: Updated baseline and results from Demo1 construction

Speaker

Amalia Ballarino

09:50–10:10

Impact of HL-LHC radiation levels on cold diodes and first results from radiation tests

Speakers

Felix Rodriguez Mateos, Giorgio D'Angelo

10:10–10:30 Status of civil engineering works

Speaker

Pieter Mattelaer

10:30
