

Session Program

15-18 Oct 2018

8th HL-LHC Collaboration Meeting

Plenary session - Thursday AM

CERN, Various rooms

Thursday 18 October

08:30

Plenary session - Thursday AM

Session | **Location:** CERN, 30/7-018 - Kjell Johnsen Auditorium | **Convener:** Roberto Losito

08:30-08:50 **Laser interferometer for cold mass displacement**

Speaker

Helene Mainaud Durand

08:50-09:10

An optimized interface between warm and cold powering: the Circuit Disconnecter Boxes

Speaker

Samer Yammine

09:10-09:30

IT String for HL-LHC: status, recent changes and pending issues

Speaker

Marta Bajko

09:30-09:50

Update on the LHC heat-load and projection for HL-LHC

Speaker

Giovanni Iadarola

09:50-10:10

Progress on Beam Instrumentation for HiLumi

Speaker

Rhodri Jones

10:10-10:30

Flat optics in the LHC: results of MDs and outlook for HL-LHC

Speaker

Stephane Fartoukh

10:30
