

# Extreme Precision in Radial Velocity IV

## Monday 18 March 2019

### Stellar signals 1: (Chair: Heather Cegla) (09:00 - 10:30)

time	[id] title	presenter
09:00	[77] Mitigating stellar signals to reveal other Earths: review on the impact of stellar activity on exoplanet detectability	Dr MEUNIER, Nadège
09:30	[53] Studying Radial-velocity variations of active stars in the CARMENES Survey for Exoplanets	Ms SADEGI, Sepideh
09:50	[24] HARPS-N radial velocities from the Sun-as-a-star	MORTIER, Annelies
10:10	[74] Line by line radial velocities to mitigate stellar activity	DUMUSQUE, Xavier
