

**Session Program**

**12-15 Jan 2010**

**Low Emittance Rings Workshop 2010  
(LER2010)**

***Electron Cloud Mitigation***

CERN, 60-6-015 (12/01/2010 only) + 40-S2-C01

# Wednesday 13 January

16:20

## Electron Cloud Mitigation

**Session** | **Location:** CERN, 60-6-015 (12/01/2010 only) + 40-S2-C01

16:20–16:50 **Review of coatings for e-cloud mitigation**

**Speaker**

Dr Mauro TABORELLI

16:50–17:15

**Realistic scrubbing scenario to reduce secondary electron yield for LHC and new rings**

**Speaker**

Dr Roberto CIMINO

17:15–17:40

**Vacuum design for the ILC damping rings**

**Speaker**

Dr Oleg MALYSHEV

17:40–18:05

**Experience with NEG coated vessels at SOLEIL**

**Speaker**

Dr Christian HERBEAUX

18:05
