

# Workshop on Medical Accelerator Design and Diagnostics

## Wednesday, 12 December 2018

### Accelerator Control and Optimization - KBW - Auditorium (09:00 - 10:30)

time	[id] title	presenter
09:00	[17] State of the art accelerator control and optimization	ONDREKA, David
09:30	[18] Standardisation of software applications in control system's slow environment	AFONSO, Carlos
09:45	[19] Trends towards highest dose-rate applications – Consequences for medical accelerators and diagnostics	BUSOLD, Simon
10:00	[20] Beam diagnostics for commissioning and operation at MedAustron	DE FRANCO, Andrea
