

27th International Conference on Supersymmetry and Unification of
Fundamental Interactions (SUSY2019)

Contribution ID: 106

Type: **Oral**

The status of HH searches at the LHC.

Monday, 20 May 2019 14:30 (30 minutes)

The status of HH searches at the LHC will be presented, covering both resonant and non-resonant searches. This is an overview talk. However results on some selected topics will be presented with more details,

Presenter: KLIMEK, Pawel Jan (Northern Illinois University (US))

Session Classification: Electroweak, Top and Higgs Physics

Track Classification: Electroweak, Top and Higgs Physics
