

Alexander Ekman, Student Session

Introduction

1. Your name
Alexander Ekman
2. Your country
Sweden
3. Where you study (Town + University)
Lund University, Sweden
4. Field of Studies and Degree (e.g. Bachelor, Master)
Master in Particle Physics
5. What have you been doing at CERN, your Department-Group
Data Analyst at AEGIS
6. What are you thinking of doing after CERN
Finish master thesis about the Jet Energy Scale Calibration at ATLAS, and later apply for a PhD
7. What you liked most in your experience as a summer student
Meeting all my fellow summer students, but also getting to know staff, users, researchers, and engineers
