

XXVII International Workshop on Deep Inelastic Scattering and Related Subjects

Wednesday, April 10, 2019

Joint WG3+WG5: Higgs and BSM + HF Physics - Palazzo Badini-Confalonieri - Sala Seminari (4:15 PM - 6:00 PM)

| time | [id] | title | presenter |
|--------|-------|---|------------------------|
| 4:15 P | [163] | New Physics implications of the B-physics anomalies | FUENTES-MARTIN, Javier |
| 4:40 P | [161] | B-flavour anomalies in $b \rightarrow sll$ and $b \rightarrow clnu$ transitions at LHCb | GIOVENTU, Alessandra |
| 5:05 P | [19] | Heavy flavors at Belle II: status and plans | ISHIKAWA, Akimasa |
| 5:30 P | [15] | Search for new physics in CP violation with beauty and charm decays at LHCb | BARTOLINI, Matteo |
