

Session Program

8-12 Apr 2019

XXVII International Workshop on Deep Inelastic Scattering and Related Subjects

Joint WG2+WG4: Small-x and Diff + Hadronic and EW

Turin

Aula Magna della Cavallerizza Reale, University of Turin

Thursday 11 April

08:30

Joint WG2+WG4: Small-x and Diff + Hadronic and EW

Session | **Location:** Palazzo Badini-Confalonieri - Sala Lauree, Via Verdi, 10 Turin

08:30-08:56 **Double parton scattering: theory progress**

Speaker

Jonathan Richard Gaunt

08:56-09:22 **Measurements of multiparton interactions at ATLAS**

Speaker

Lennart Adam

09:22-09:48

Accessing double parton scatterings with associated-quarkonium production

Speaker

Jean-Philippe Lansberg

09:48-10:14 **Recent CMS results on the Soft QCD and Forward Physics**

Speaker

Ankita Mehta

10:15
