

Session Program

30 November 2009 to 4 December 2009

Zimányi 2009 Winter School on Heavy Ion Physics

Lattice QCD

KFKI Campus, Tanácsterem (Council rooms), Building 3
H-1121 Budapest XII, Konkoly-Thege M. u 29-33 Hungary

Wednesday 2 December

14:00

Lattice QCD: Non-perturbative QCD I.

Session |

Location: ELTE University, 7.22 (Kari Tanácsterem), Pázmány P. sétány 1/A H - 1117 Budapest XI Hungary |

Convener: Prof. Sándor KATZ

14:00-15:00

Lattice QCD at finite temperature and density

Speaker

NAKAMURA, Atsushi (Hiroshima University, Japan)

Location

ELTE University, 7.22 (Kari Tanácsterem), Pázmány Péter sétány 1/A H-1117 Budapest XI, Hungary

15:00-15:30

Correlations in the QCD Dirac spectrum at high temperature

Speaker

KOVÁCS, Tamás (University of Pécs, Hungary)

Location

ELTE University, 7.22 (Kari Tanácsterem), Pázmány P. sétány 1/A H - 1117 Budapest XI Hungary

15:30
