

Slovak HSSIP 2019

Peter Chochula, CERN

The HSSIP crew – it is all about the people

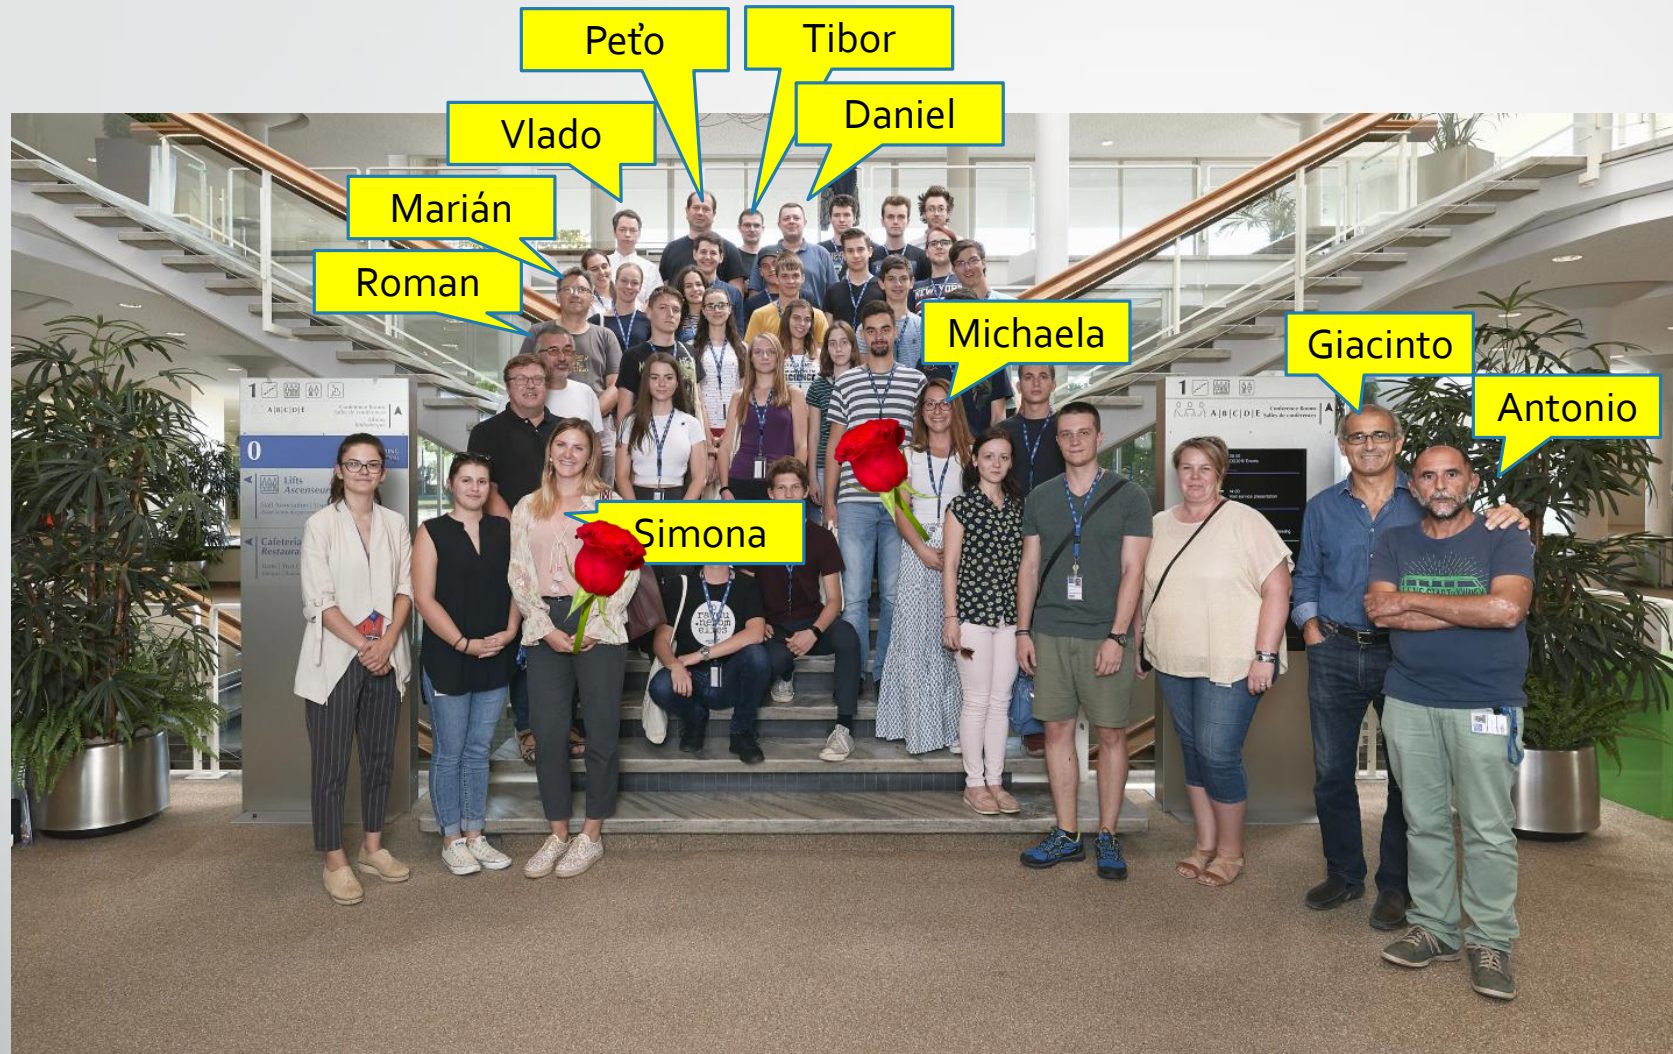

The HSSIP crew – program managers

The HSSIP crew – teachers

The HSSIP crew – supervisors

The HSSIP crew – Zuzana

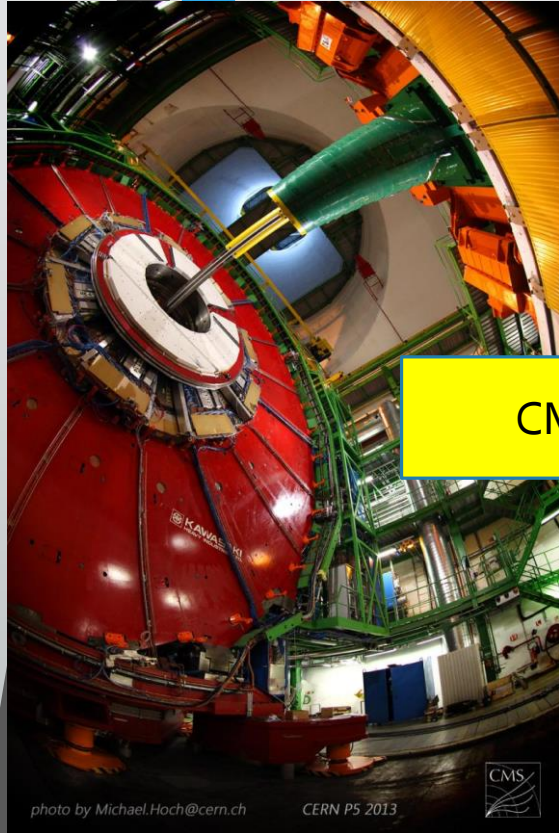

Big THANK YOU goes to Zuzana Ješková who helped to organize this event from Košice

The HSSIP crew – YOU

Your visits

CMS

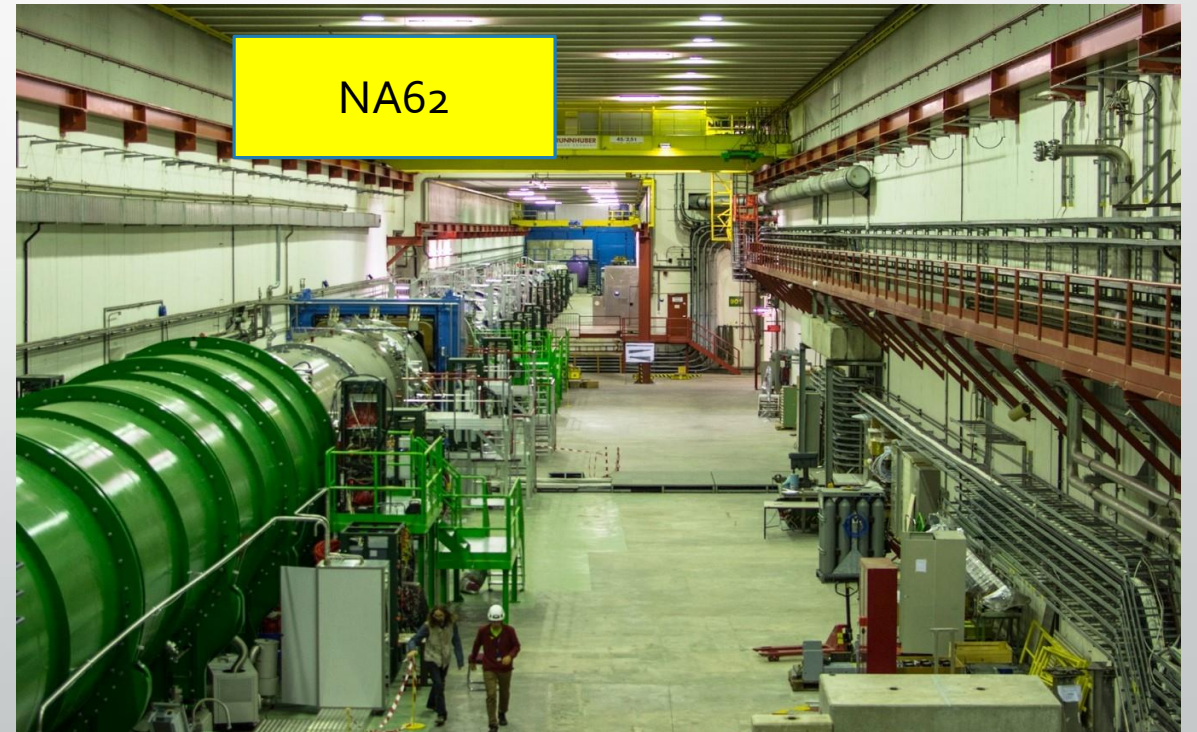

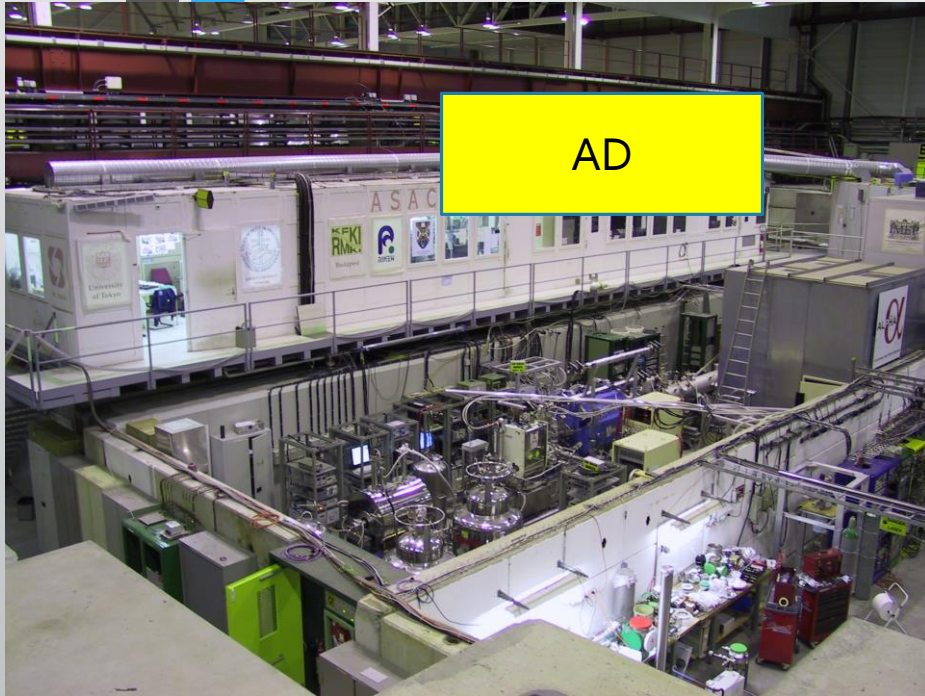

CCC

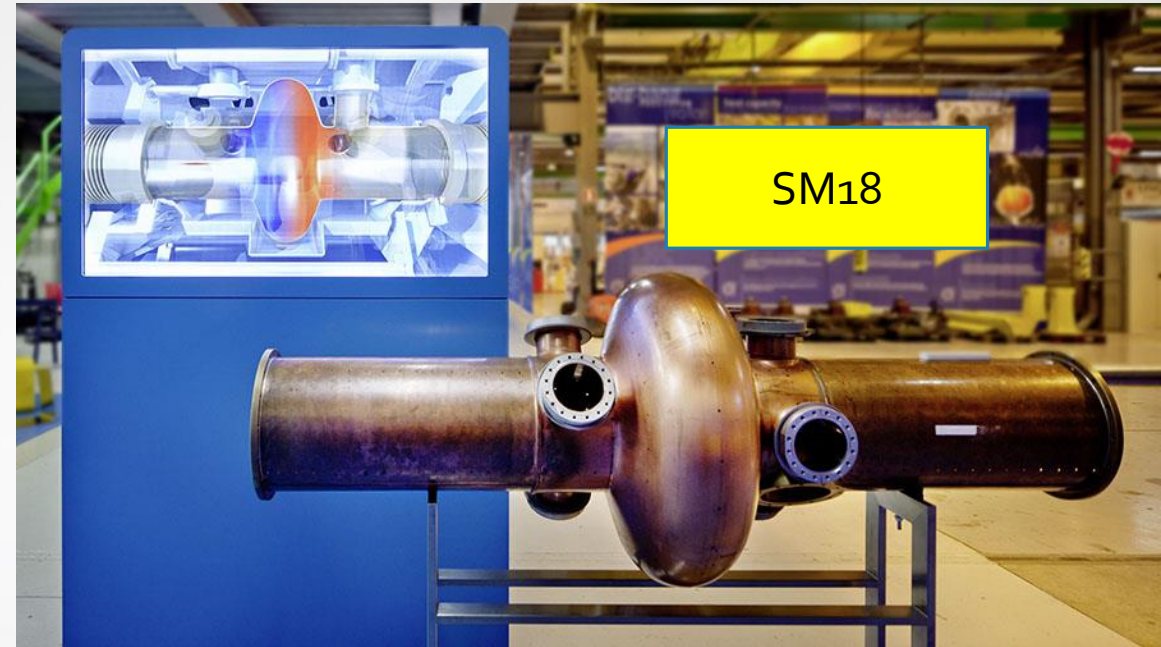

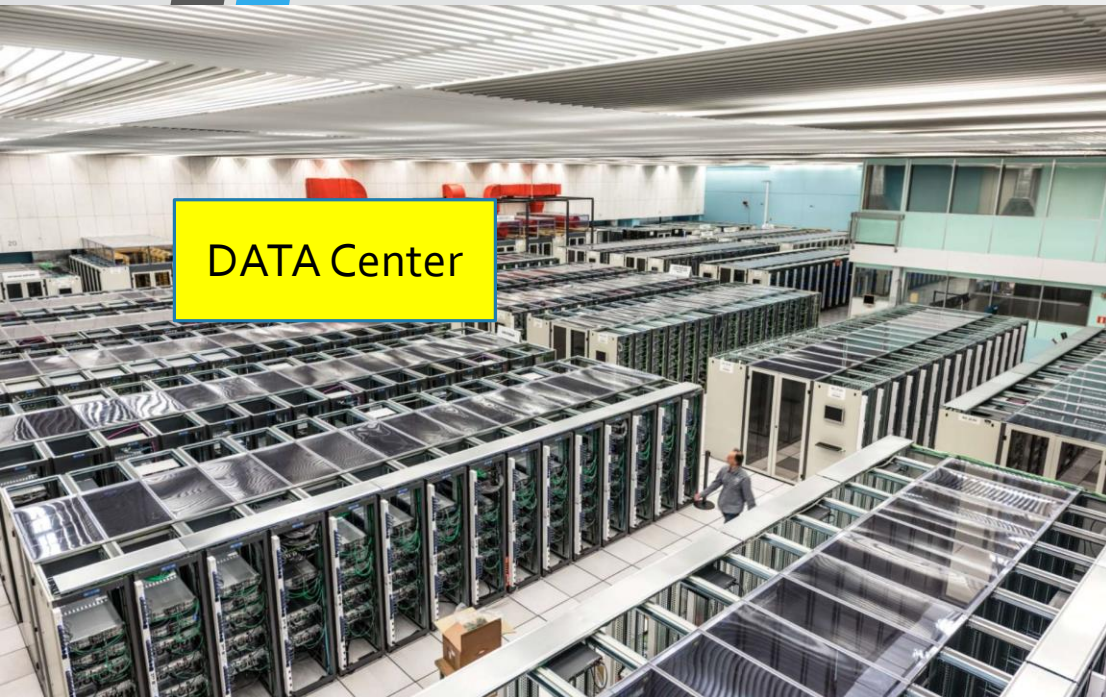

AMS

Your visits

Your visits

Your visits

Slovak Mission to UN
and international
organizations

Your Visits

Your activities

Work with supervisors

What is
research?

11 projects covering computing,
electronics, physics analysis,
outreach, detectors

Your activities

Unforgettable SCOOOL lab session

Your activities

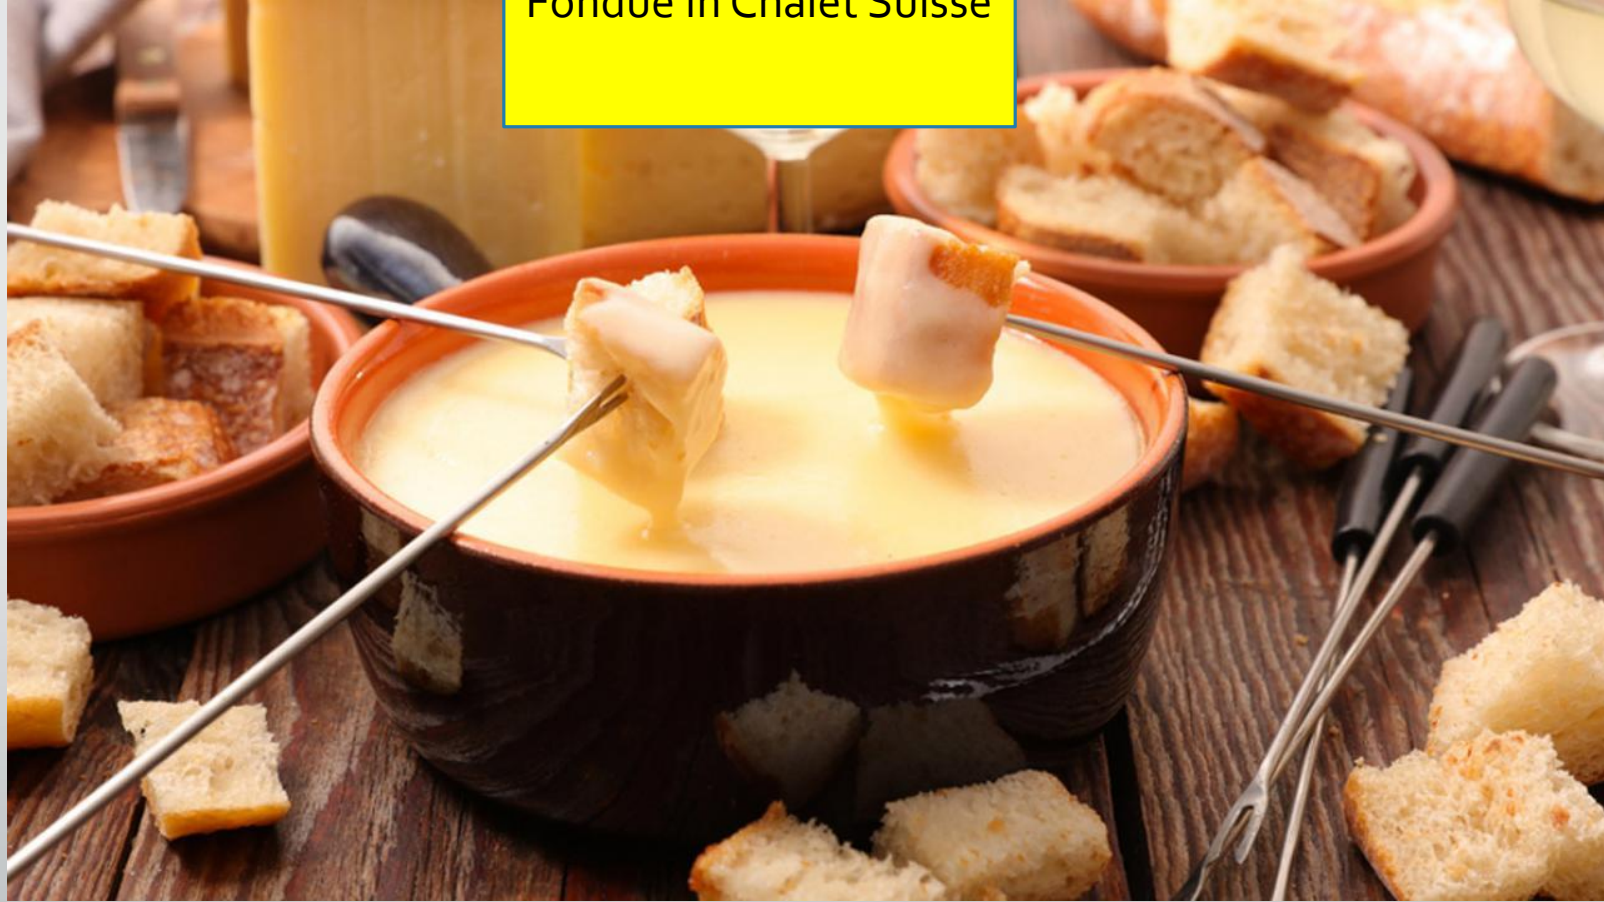

Treasure hunt at CERN

Treasure hunt in
Geneva

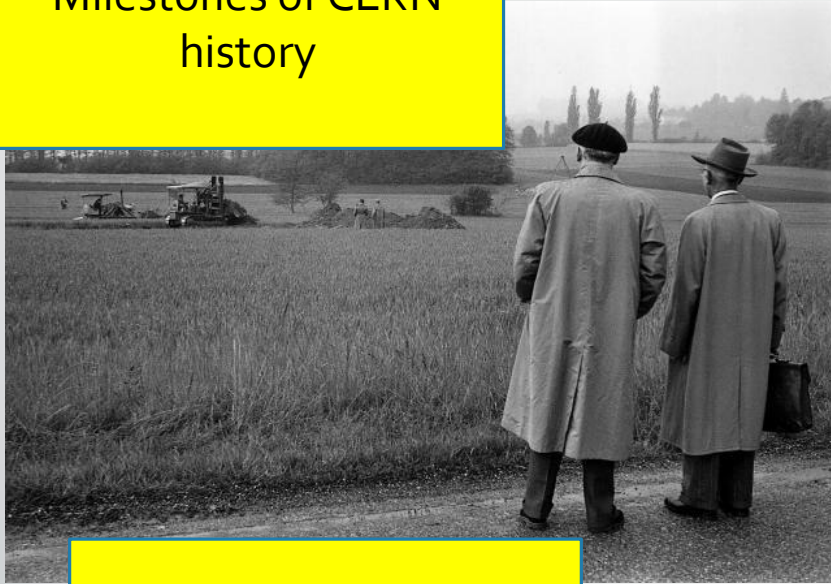

What did you eat

Fondue in Chalet Suisse

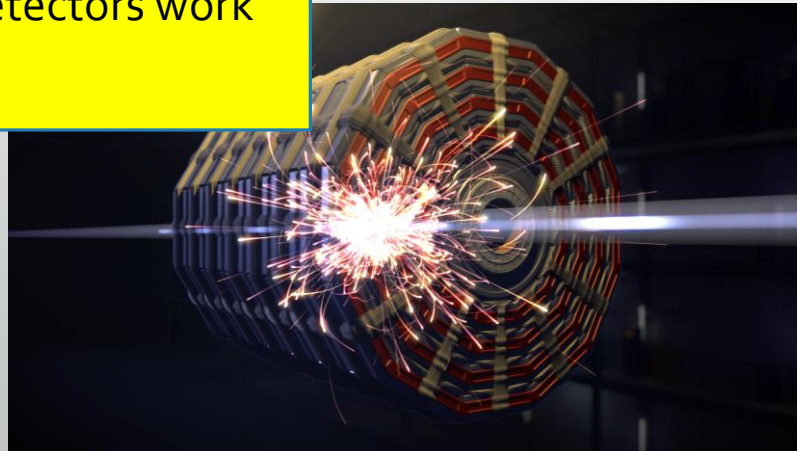

What did you learn?

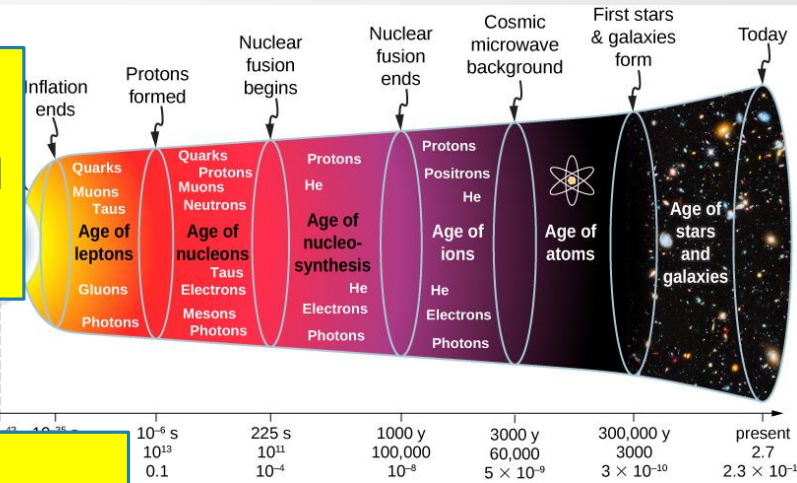

Milestones of CERN history

How detectors work

What do we do at CERN

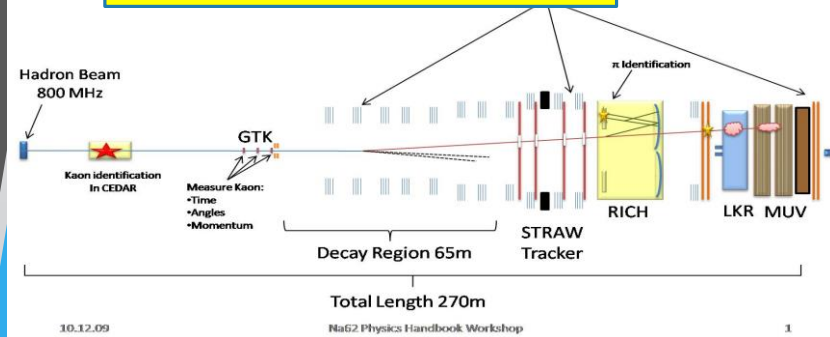

Applications of HEP technologies

What did you learn?

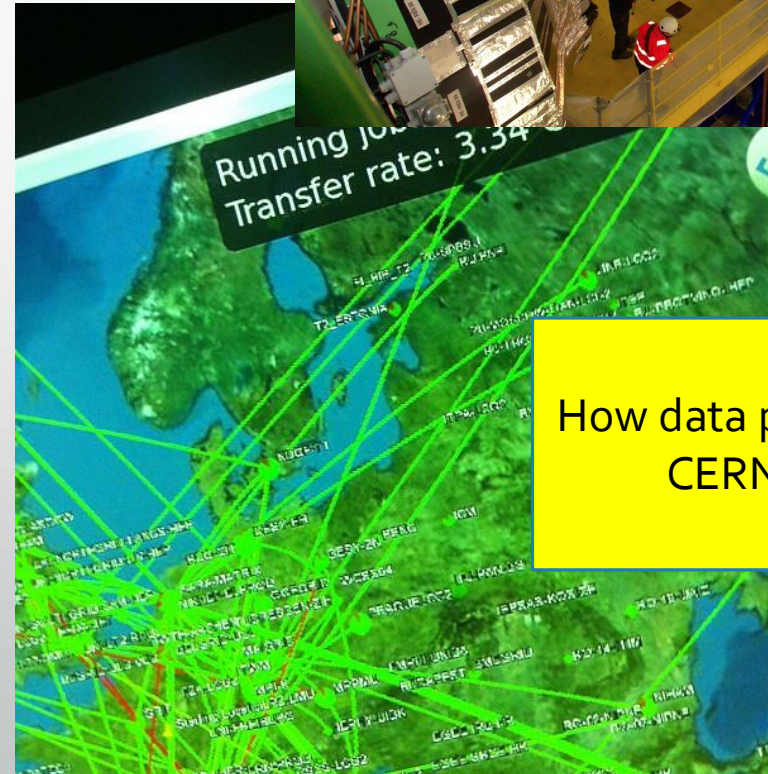

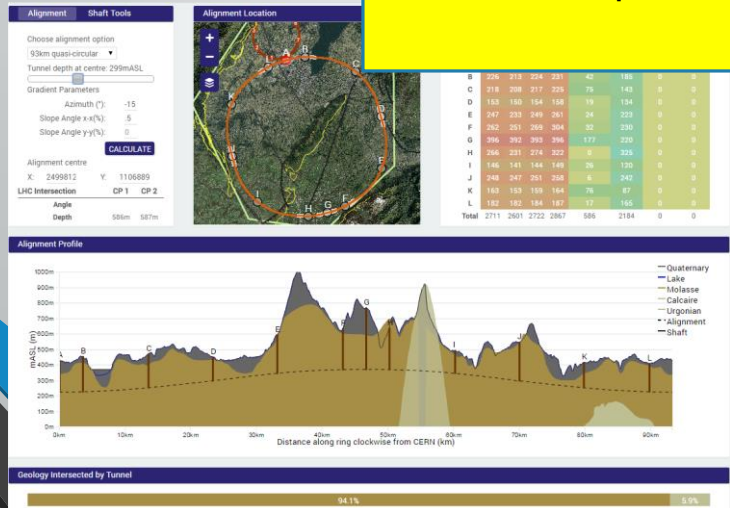

What is NA62 and what do we do there

What is CMS and what do we do there

Environmental aspects of HEP experiments

How data processing at CERN works

We hope that you enjoyed the program
THANK YOU FOR VISITING US!

AND SEE YOU SOON!
