

Dear Colleagues,

We write you to let you know about our preparations for HP2020 in light of the continuing developments around the COVID-19 pandemic. We are monitoring the situation closely, and we are in contact with officials at the University of Texas regarding the situation in Austin and on campus.

At this point, with the start of the conference more than two months away, it is too early to make any predictions. However, we understand that questions will continue to arise and we will make sure to post any new updates to our website and social media (@HardProbes2020).

Obviously, you should always feel free to contact us if you have any specific questions or comments.

Best regards,

Rainer Fries, Frank Geurts, Christina Markert, Claudia Ratti  
(co-chairs),  
on behalf of the Hard Probes 2020 Local Organizing Committee.
