Guided tours for groups of pupils or students

Conditions

- Guided tours for pupils and students are for groups of between 12 and 48 (*48 is a maximum including teachers or accompanying adults*).
- For groups of minors, there should be at least 2 accompanying adults.
- All tours are free of charge.
- Tours are available from Monday to Saturday, both mornings and afternoons.

Content

- Each tour lasts about three hours and includes an introduction with a short film followed by a visit to one or two of the ground-level visit points.
- Please note that, in general, it is not possible to visit the underground experiments, especially for visitors under 16.
- For safety reasons, most of our visit point are not open to pupils younger than 12 years of age and therefore the offer is limited.

In addition to your tour, you can discover the two permanent exhibitions at your leisure: the Microcosm, next to Reception, and the Universe of Particles, on the ground floor of the Globe of Science and Innovation - (Opening hours).

Important instructions

Please read the following instructions carefully.

Failure to respect any of these instructions may lead to your guided tour being cancelled !

All visitors must carry their identity card or passport, valid for entry into both France and Switzerland.

2018 new site access rules: all visitors will be requested to wear a CERN visitor card while on CERN premises.

This is part of a wider measure, whereby everyone on CERN fenced site will be requested to visibly wear a CERN card.

If you wish to book a guided tour, please be prepared to provide the following accurate information for all visitors: last name, first name, date of birth, place of birth, country of birth and nationality.

Please note that failure to provide this information in due time may lead to the cancellation of part of or all guided tour.

[More information on what we do with visitors personal data.](#)

Exception: visitors to the permanent exhibitions (Universe of Particle in the Globe or Microcosm near CERN Reception) or to events taking place at the Globe will **not be** requested to wear a CERN card.

Booking procedure

- Reservations of tours for schools and students open 9 months in advance.
- Requests for pupil or student group tours must be submitted by the accompanying teacher or the head of the educational establishment in question.
- Requests must be made using the professional email address (free addresses from Yahoo, Gmail etc will not be considered official).
- Requests submitted by agencies or tour operators will not be considered.
- The reservation form includes a free space in which the educational aims and profile of the class should be specified.
- Please note that your request has not been accepted until you receive an official confirmation from the Visits Service by e-mail.
- If you do not receive a response five working days after submitting your request, please contact our service by [e-mail](#) .
- The decision to accept or not your request is base on various parameters: availability of our visit sites, availability of our guides, requested language, size of the group, if you provide or not a bus for transport during the tour etc.
- Due to CERN site access rules, once your request is accepted you will have to provide full identity of all visitors (last name, first name, date of birth, place of birth, country of birth and nationality) at least 21 days before the tour. Failure to provide this information may lead to the guided tour to be cancelled for some visitors.
[More information on what we do with visitors personal data.](#)
- 21 days before the tour you will be requested to do a final confirmation of the tour.

Request a guided tour

Booking a guided tour requires an account.

You can use your CERN, Facebook, Google, Live, Yahoo or Orange account.

Alternatively click here to create [CERN lightweight account](#) with your school email address.

Please be aware that only school email addresses will be accepted for guided tours for pupils and students.

Your request for a guided tour at CERN is accepted

2019. július 3. 16:24

📁 Itt talált: CernWigner2020 postafiók

Dear Sir/Madam,

Your request [4525772](#) for a group guided tour at CERN on Sat 7/Mar/2020 at 09:00 is accepted but not yet finalized.

CERN sites access rule require each visitor to wear visibly a personal visitor badge.

Thanks to confirm the identity of all visitors on <http://myguidedtours.cern.ch> at the latest 21 days before the visit date.

Any information not given in due time will lead to the cancellation of the tour for the concerned visitors.

We remind you that [important safety instructions](#) are applicable to all CERN Guided Tours. Failure to respect any of these instructions may lead to your guided tour being cancelled! Please read them carefully and share them with all visitors.

You can at any time check the status, modify or cancel your guided tour requests on <http://myguidedtours.cern.ch>.

Best regard,
CERN Visits Service - visit.cern

This email is sent by an automatic system, please do not answer to it.

For any communication with visits service, please use the following email address visits.groups@cern.ch.

Dear Olah,

Thank you for your e-mail.

We good take note about your demand and we can confirm you that the restaurant is booked for both day's (6th and 7th of March 2020).

We put a comment saying that your wish is to do a visit to CMS, but please note however that the itinerary can never be guaranteed and may change at any moment, even at the last minute due to unforeseen safety or logistic constraints or even Protocol visits.

If you need any further information, don't hesitate to contact us back.

Best regards.

Gabriel

Subject: Request change for visit [4525772](#)

Dear Mr/Mrs,

I would like to modify my visit.

On 06/03/2020 at 15.45-17:15 we got date in the S'Cool Lab (claud chamber).

We would like to eat on this day too in Restorant 1.

And we really want to go to CMS, if possible this experiment should be included in the visit.

Best regards,

Eva Olah

Subject: Re: Application for S'Cool Lab programme

Dear Julia,

I got a reply from Visit service:

"Your request [4525772](#) for a group guided tour at CERN on Sat 7/Mar/2020 at 09:00 is accepted"

But we would like to build cloud chamber on friday afternoon 6 March .

I don't no where is the workshop application on your website, please send me a link .

Many thanks,

Eva

Practical Information for S'Cool LAB Workshops

The table below presents important practical and logistical information for teachers applying for or participating in S'Cool LAB Workshops. It is not intended to replace the [information presented on the CERN visits service website](#) and the associated [Frequently Asked Questions](#), which teachers should also read.

Availability

S'Cool LAB Workshops are available Monday - Friday between 9:00 and 17:15.

Note: We do not offer any workshops on weekends or [official CERN holidays](#). In addition, S'Cool LAB will be closed completely during our winter shutdown from 17 December 2018 to 22 January 2019.

Eligibility

Target audience: S'Cool LAB Workshops are designed for high school students and their teachers.

Group size:

- minimum 12 students (not including accompanying adults)
- maximum 24 students (not including accompanying adults)

For S'Cool LAB Cloud Chamber Workshops only: in some cases, groups of more than 24 students can be divided and two consecutive workshops offered.

Groups of more than 24 students are not eligible for S'Cool LAB PLUS+. It is not possible to divide the group for S'Cool LAB PLUS+, not even when applying for consecutive days.

Minimum age:

- *For Cloud Chamber Workshops only:* all participants must be at least 14 years old at the time they participate in the workshop.
- *For S'Cool LAB PLUS+ only:* the minimum age depends on the experiments to be carried out. Please see the individual experiments listed on our [Experiments page](#) for details.

Note: in some countries, the age counting system is different than in others. For S'Cool LAB, a student is considered to be 14 years old when they have already completed 14 years of life. For example, for a S'Cool LAB Workshop taking place on 2 June 2018, students must have been born on or before 2 June 2004.

Costs

S'Cool LAB Workshops are offered **free of charge**.

Travel expenses, accomodation and meals are **not covered by CERN**.

Meals

CERN unfortunately cannot offer school groups any space for pick-nicks. School groups taking part in S'Cool LAB activities the same day as their CERN guided tour are expected to buy lunch in [CERN's cafeteria](#) , where there is a wide range of options to suit all tastes and budgets.

Eating and drinking are forbidden in S'Cool LAB.

Language requirements

S'Cool LAB activities are delivered by S'Cool LAB tutors, who are specially-trained volunteers from CERN's international scientific community. Every effort is made to recruit and train tutors who speak a variety of languages, and to match them to the requirements of visiting groups. However, this is not always possible, so **S'Cool LAB workshops must often be offered in English** instead.

In particular for S'Cool LAB PLUS+, English is the language used for our physics education research and written instructions for the experiments. Students should therefore be able to understand written and spoken English to at least [B1 level](#) .

Physics requirements

To help students make the most of their S'Cool LAB activities, teachers are expected to prepare their students. The [S'Cool LAB Experiments page](#) includes details about key physics concepts for each experiment and lists supporting resources which teachers may find useful.

Equipment

All the equipment needed for S'Cool LAB experiments is provided by S'Cool LAB. Students wishing to take notes should bring a pen & paper.

Photography

CERN is a public laboratory. Photography is permitted (and encouraged!) on CERN guided tours and during S'Cool LAB activities. Several S'Cool LAB experiments are quite photogenic, and we encourage students to take pictures of their work and share them with others [#SCoolLAB](#) [#CERN](#).

Location & Meeting Point

S'Cool LAB, CERN, Geneva, Switzerland

Meeting Point: [CERN Reception \(Bld. 33\)](#)  Please arrive at the CERN Reception 15 minutes before your workshop starts.

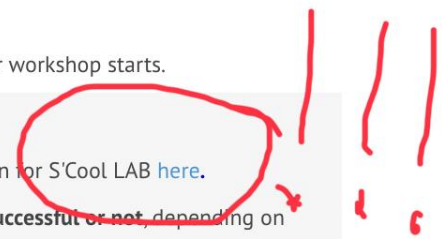

Application procedure

1. Book a guided tour for school groups via the CERN visit service [website](#) .
2. Once you have a **confirmed guided tour** at CERN, login with your account and submit your application for S'Cool LAB [here](#).

Travel expenses, accomodation and meals are **not covered by CERN**.

Dear Eva,

We are writing to you in response to your application for a S'Cool LAB Cloud Chamber Workshop to be added to your guided tour of CERN. **Your application has been successful.** Please read this email carefully as it contains important information and reminders, and you are required to make several responses and confirmations.

Date/time and meeting point

-
Taking into account the flexibility in your schedule mentioned in your application, we are pleased to be able to offer you a S'Cool LAB Cloud Chamber Workshop at the following date/time:

Friday 06 March 2020 at 15:45 – 17:15.

On the date of your S'Cool LAB session, please gather your students in CERN's visitor reception area 15 minutes before the start of the workshop, where you will meet your tutor.

Reminder: Eligibility & Language requirements

For safety reasons, all participants in your group must be at least 14 years old at the time of the visit to S'Cool LAB. If anyone in your group is under 14, your S'Cool LAB cloud chamber workshop will be cancelled.

Válasz: Your application to S'Cool LAB for WIGNER FK visit ID 4525772. Reply required by 19 July 2019.

2019. július 15. 11:25

CLOUD CHAMBER

A journey through CERN

Discover the full scale and wonder of CERN's monumental experiments. Find out what is happening at the Large Hadron Collider and meet the people who build and operate this extraordinary machine.

Microcosm's exhibitions take visitors on a journey through CERN's key installations. Follow the path of the particles from a bottle of Hydrogen, through the network of accelerators and on to collision inside vast experiments.

Exhibition opening hours:

Monday - Friday 8.30 - 17.30

Saturday 9.00 - 17.00

Free entrance

Exhibition closed on public holidays

BEHIND THE SCENES

Building an exhibition

Universe of Particles

A totally unique experience visiting the exhibition "Universe of Particles"

The entire Universe is made up of particles. But where do they come from? What laws govern their behaviour? The purpose of the "Universe of particles" exhibition is for visitors to confront the great questions of contemporary physics, currently being explored by the CERN via the LHC and other accelerators.

Dive into the fascinating world of particles.

ibis Genève Petit Lancy ★★

📍 Genf • 3,2 km -re a központtól

Nagyon jó **8,3**
875 értékelés

24 felnőtt ajánljuk

- 👤 5 × Standard szoba kétszemélyes ágygal
- 👤 7 × Standard szoba 2 külön ágygal

Ár 3 éjszakára: HUF 1 790 505

tartalmazza az adókat és díjakat

Árösszesítés

21 szoba 	HUF 761 480
3,70 % ÁFA	HUF 28 175
Idegenforgalmi adó	HUF 35 680

Ár **HUF 825 335 ***

(az Ön által választott pénznem)

Szállás pénzneme **CHF 2 748**
CHF pénznemben

(24 vendég részére, 3 éjszakára)

* Ez egy átváltott ár, mely a becsült költséget mutatja (HUF). Ön **CHF** pénznemben fizet. Az átváltási árfolyam változhat, mielőtt Ön fizetne.

Ne feledje, hogy a kártyakibocsátó díjjal terhelheti a nemzetközi tranzakciókat.

Van jutalomkedvezménye?

Kód megadása

Mehet

Apróbetűs rész

A foglaláson szereplő névnek meg kell egyeznie a hitelkártyán/dombornyomott bankkártyán található névvel.

Telefon (lehetőleg mobilszám) *

Így a szállásadó elérheti Önt

- Igen, szeretném, ha a visszaigazolásom mindig kéznél lenne az alkalmazásban! Kérem a hivatkozást SMS-ben a fenti számra.

Mikor szeretne fizetni?

- Szeretném, ha a szállás megterhelné a kártyámat
A terhelés pontos dátuma a foglalási feltételektől függ

- Most szeretnék fizetni
Ma terheljük meg a kártyáját, a foglalás véglegesítése után

Hogyan szeretne fizetni?

 **Nincs Önnél kártya?**
