

# CLIC Workshop 2019

## Wednesday, January 23, 2019

### Plenary session - 500/1-001 - Main Auditorium (2:00 PM - 6:00 PM)

time	[id] title	presenter
2:00 PM	[M01] Welcome	GIANOTTI, Fabiola
2:10 PM	[M02] CLIC implementation from 380 GeV to higher energies	STAPNES, Steinar
2:40 PM	[M03] CLIC physics and detector studies	SPANNAGEL, Simon
3:20 PM	[M05] Luminosity challenges and related studies for LCs	SCHULTE, Daniel
3:45 PM	Coffee break	
4:05 PM	[M04] Precision Physics and motivations for a high energy LC	RIVA, Francesco
4:35 PM	[M07] CLIC accelerator technologies and applications (medical, light sources, industry, others)	WUENSCH, Walter
5:00 PM	[M08] Higgs self-coupling at CLIC	SCHNOOR, Ulrike
5:25 PM	[M09] Ending	

# Friday, January 25, 2019

## Plenary session - 500/1-001 - Main Auditorium (9:00 AM - 11:00 AM)

time	[id] title	presenter
9:00 AM	[M10] Welcome	
9:05 AM	[M11] The European Strategy process	ROBSON, Aidan
9:15 AM	[M12] CLIC accelerator project plans 2019 and beyond	STAPNES, Steinar
9:40 AM	[M15] Strategic R&D Programme on Technologies for future Experiments	JORAM, Christian
10:10 AM	[M17] Report from the CLIC Communication Initiative	STROM, Lars Rickard
10:25 AM	[M13] CLICdp institute board report	MARTIN, Victoria Jane
10:40 AM	[M14] CLIC collaboration board report	RUBER, Roger
10:55 AM	[M16] Ending
