

Session Program

21 September 2018

Laser Control System Workshop
Wavelength measurement and control

CERN, 13/2-005

Friday 21 September

14:15

Wavelength measurement and control: Wavelength measurement and control

Session | Location: CERN, 13/2-005

14:15-14:25 **High-resolution wavemeter calibration at Mainz**

Speaker

Wilfried Noertershaeuser

14:25-14:35 **Laser frequency determination and stabilisation at IGISOL**

Speaker

Sarina Geldhof

14:35-14:45 **Problems and solutions for accurate laser control at Helios and RILIS**

Speaker

Mr Kristof Dockx

14:45-14:50 **ATOS vs HighFinesse**

Speaker

Maxim Seliverstov

15:00
