Tutorial: basics

A.Tsaregorodtsev,
CPPM-IN2P3-CNRS, Marseille,
9th DIRAC User Workshop,
14 May 2019 London

▸ Each tutorial user will get access to a personal VM

▸ The VM includes
  ▸ CVMFS file system installed and mounted
  ▸ User certificate is stored in the home directory as usercert.p12 file

▸ The tutorial exercises are described here
  https://github.com/DIRACGrid/DIRAC/wiki/Quick-DIRAC-Tutorial

▸ Tutorial examples can be downloaded from:
  http://dirac.egi.eu/demo/tutorial.tgz

- DIRAC client installation in the user's VMs

- DIRAC Web Portal
  - https://cctbdirac01.in2p3.fr/DIRAC

- Participants will go through the exercises described in the tutorial wiki

- The following resources will be used:
  - Grid sites available to members of the VO vo.france-grilles.fr
  - DIRAC Storage Elements:
    - DIRAC-USER
    - TRAINING-USER
