==

Site-specific issues:

1) 9/14: AGLT2 - file deletion errors ("an end-of-file was reached globus_xio: An end of file occurred"). A dCache door was stuck in a bad state. Restarting the host fixed the problem. https://ggus.eu/?mode=ticket_info&ticket_id=137192 was closed on 9/15, eLog 66786.

2) 9/18: AGLT2 - fiber cut between the two sites (UM and MSU). Potentially impacts jobs at the MSU site, depending on the amount of time needed for repairs. https://ggus.eu/?mode=ticket_info&ticket_id=137264 in progress, eLog 66835.

Follow-ups from earlier reports:

(i) 8/29: NET2 - destination file transfer errors ("Communication error on send, err: [SE][srmRm] httpg://atlas.bu.edu:8443/srm/v2/server: CGSI-gSOAP running on fts301.usatlas.bnl.gov reports Error reading token data header: Connection closed"). https://ggus.eu/?mode=ticket_info&ticket_id=136936 in progress, eLog 66612.
