## **Session Program**

11-12 Dec 2018

DEC, 11-12TH | CERN, 774/R-013

## R2E annual meeting - 2018

## **Radiation Facilities & Component Level Studies**

CERN, 774/R-013

## Wednesday 12 December

.1:35	Radiation Facilities & Component Level Studies: Part 1 Session   Location: CERN, 774/R-013   Convener: Salvatore Danzeca
	11:35-11:50 SEE mechanisms in power MOSFET devices: theoretical, experimental and simulation approaches
	Speaker Dr Pablo Fernandez-Martinez
	11:50-12:05 Current Transport Model for Heavy-Ion Degraded Silicon Carbide (SiC) Power MOSFETs
	<b>Speaker</b> Corinna Martinella
	12:05-12:20 Radiation-tolerant LED lighting system for CERN tunnels
	Speaker Alessandro Floriduz
.2:50	12:20-12:35 CHARM Dosimetry challenges and new opportunities   Speaker Chiara Cangialosi
L4:20	
4:20	Radiation Facilities & Component Level Studies: Part 2 Session   Location: CERN, 774/R-013   Convener: Salvatore Danzeca
.4:20	
.4:20	Session Location: CERN, 774/R-013 Convener: Salvatore Danzeca   14:20-14:35 SEE flux and spectral hardness calibration of neutron spallation and mixed field
.4:20	Session Location: CERN, 774/R-013 Convener: Salvatore Danzeca   14:20-14:35 SEE flux and spectral hardness calibration of neutron spallation and mixed field facilities   Speaker Speaker
.4:20	Session Location: CERN, 774/R-013 Convener: Salvatore Danzeca   14:20-14:35 SEE flux and spectral hardness calibration of neutron spallation and mixed field facilities   Speaker Matteo Cecchetto   14:35-14:50 Ultra-High-Energetic heavy ion tests campaigns at CHARM and North Area CERN
.4:20	Session Location: CERN, 774/R-013 Convener: Salvatore Danzeca   14:20-14:35 SEE flux and spectral hardness calibration of neutron spallation and mixed field facilities   Speaker Matteo Cecchetto   14:35-14:50 Ultra-High-Energetic heavy ion tests campaigns at CHARM and North Area CERN Facilities   Speaker Maria Kastriotou   14:50-15:05 Electron induced SEEs in the VESPER facility
.4:20	Session Location: CERN, 774/R-013 Convener: Salvatore Danzeca   14:20-14:35 SEE flux and spectral hardness calibration of neutron spallation and mixed field facilities   Speaker Matteo Cecchetto   14:35-14:50 Ultra-High-Energetic heavy ion tests campaigns at CHARM and North Area CERN Facilities   Speaker Maria Kastriotou
.4:20	Session Location: CERN, 774/R-013 Convener: Salvatore Danzeca   14:20-14:35 SEE flux and spectral hardness calibration of neutron spallation and mixed field facilities   Speaker Matteo Cecchetto   14:35-14:50 Ultra-High-Energetic heavy ion tests campaigns at CHARM and North Area CERN Facilities   Speaker Maria Kastriotou   14:50-15:05 Electron induced SEEs in the VESPER facility   Speaker Speaker
