

Session Program

2-4 Apr 2019

Towards the Ultimate Precision in Flavour Physics

Keynote session

IPPP, Durham
IPPP, Durham

Tuesday 2 April

10:55

Keynote session: Keynote 1

Session | **Location:** IPPP, Durham, IPPP, Durham

10:55–11:00

Introduction

Speaker

Alexander Lenz

11:00–11:30

Key measurements for future flavour physics experiments

Speaker

Yuval Grossman

11:35–12:05

Lessons learned from LHCb about making precise flavour measurements

Speaker

Niels Tuning

12:10–12:40

Prospects for precision lattice QCD calculations

Speaker

Andreas Kronfeld

12:45

14:00

Keynote session: Keynote 2

Session | **Location:** IPPP, Durham, IPPP, Durham

14:00–14:30

LHCb upgrade II challenges

Speaker

Vladimir Gligorov

14:35–15:05

Belle II status and plans

Speaker

Phillip Urquijo

15:10
