16:00

Collectivity - jets and flow, Conveners: Benwei Zhang, Sergei Chekanov: I

Session | Location: Other Institutes, Santa Fe

16:00–16:25 **Hot-medium effects on Y yields in p-Pb and Pb-Pb collisions**

Speaker

Georg Wolschin

16:25–16:50 **Heavy Ion results from LHCb(LHCb)**

Speaker

John Matthew Durham

16:50–17:15 **Applications of particle flow and event shape signatures to study PbPb collisions (ALICE)**

Speaker

Prof. Claude Andre Pruneau

17:15–17:40 **Gaps between jets at the LHC**

Speaker

Christophe Royon

17:40
