

# WG6 @ 10<sup>th</sup> MPI @ LHC

Nestor Armesto and Sudhir Raniwala

- Experiments contacted
  - ALICE will converge soon
    - Will talk about a possible talk on multiplicity and scaling
  - ATLAS reluctant because of Heavy-Ion run
    - Will be happy to contribute a talk

- Contacted theory/phenomenology practitioners for
  - initial state in hydro --- Wojciech Broniowski
  - azimuthal anisotropies in CGC --- Vladimir Skokov  
(confirmed, in principle)
  - MPI in AMPT --- Zei-Vei Linz
  - People would like to know the schedule for WG6
