

## **Session Program**

**3 December 2018**

# **New physics in kaon and beam-dump experiments**

## ***Session one***

University of Birmingham, Bridge Study Room  
Poynting Physics Building (R13) Edgbaston Campus University of Birmingham United Kingdom B15 2TT

# Monday 3 December

09:50

## Session one: Session one

**Session** |**Location:** University of Birmingham, Bridge Study Room, Poynting Physics Building (R13) Edgbaston Campus  
University of Birmingham United Kingdom B15 2TT

09:50-10:15

### Recent K to pi nu nubar experimental results and status

**Speaker**

Radoslav Ivanov Marchevski

10:15-10:50

### Kaons in the SM

**Speaker**

Martin Gorbahn

10:50-11:15

### The very KLEVER future of K to pi nu nubar

**Speaker**

Matthew David Moulson

11:15-11:50

### Kaons on the lattice

**Speaker**

Dr Nicolas Garron

12:15
