

Session Program

3 December 2018

New physics in kaon and beam-dump experiments

Session three

University of Birmingham, Bridge Study Room
Poynting Physics Building (R13) Edgbaston Campus University of Birmingham United Kingdom B15 2TT

Monday 3 December

15:20

Session three: Session three

Session |**Location:** University of Birmingham, Bridge Study Room, Poynting Physics Building (R13) Edgbaston Campus
University of Birmingham United Kingdom B15 2TT

15:20–15:45

Physics with electron beams from AWAKE

Speaker

Matthew Wing

15:45–16:20

New physics with beam dump experiments

Speaker

Dr Mikael Chala

16:20–16:45

The SHiP experiment

Speaker

Andrei Golutvin

16:45–17:10

The TauFV experiment

Speaker

Guy Wilkinson

17:25
