

## **Session Program**

**3-5 Feb 2019**

# **International Conference on Recent Issues in Nuclear and Particle Physics (RINP2)**

## ***Plenary Session VI***

Lipika Auditorium, Visva-Bharati, Santiniketan  
At the Lipika Auditorium and the Library Hall Department of Physics, Visva-Bharati University,  
Santiniketan, West Bengal, India - 731 235

## Monday 4 February

15:50

### Plenary Session VI

**Session** |**Location:** Lipika Auditorium, Visva-Bharati, Santiniketan, At the Lipika Auditorium and the Library Hall Department of Physics, Visva-Bharati University, Santiniketan, West Bengal, India - 731 235

15:50-16:20

#### Particle Physics implications of neutrinoless double beta decay

**Speaker**

Prof. Palash Pal

16:20-16:50

#### Supersymmetry: Present and Future

**Speaker**

Prof. Monoranjan Guhait

16:50-17:20

#### Expanding Horizons of the Seniority Isomers

**Speaker**

Prof. A.K. Jain

17:20-17:50

#### The Digital Way to the Heart of the Nucleus : Free Knowledge & Deep Truths

**Speaker**

Prof. S.S. Ghugre

17:50-18:20

#### Is neutrino its own antiparticle?

**Speaker**

Prof. Vandana Nalal

18:20
