Conclusions of the Town Meeting: Relativistic Heavy Ion Collisions

This text summarizes the consensus view of the scientific community on priorities in the field of relativistic heavy ion collisions, as expressed by the 421 registered participants of the Town Meeting held on 24 October 2018 at CERN.

Authors: ANTINORI, Federico (Universita e INFN, Padova (IT)); ERAZMUS, Barbara (CNRS/IN2P3); GIUBELLINO, Paolo (Universita e INFN Torino (IT)); REDLICH, Krzysztof (University of Wroclaw); WIEDEMANN, Urs (CERN)

Track Classification: Strong interactions (perturbative and non-perturbative QCD, DIS, heavy ions)
