

Session Program

13-15 Nov 2018

LHC EW Precision sub-group meeting ***Overview of experimental progress on precision EW measurements***

CERN, 4/3-006 - TH Conference Room

Tuesday 13 November

09:00

Overview of experimental progress on precision EW measurements

Session | **Location:** CERN, 4/3-006 - TH Conference Room

09:00–09:20

Overview of DY measurements in LHCb and of their relevance to PDFs

Speaker

Hang Yin

09:40–10:10

Overview of DY measurements in CMS and of their relevance to PDFs

Speaker

Dr Dimitri Bourilkov

10:40–11:10

Overview of DY measurements in ATLAS and of their relevance to PDFs

Speaker

Alexander Glazov

11:40–11:55

Strangeness un-suppression in epWZ2016 ATLAS PDF set

Speaker

Amanda Sarkar

12:10–12:50

General discussion of experimental results and of experiment-related PDFs

12:50
