2. Set IP to automatic (DHCP). This is usually the default setting, so you may probably skip this step;

Follow the link 'Web based login' at the top of the page concerning short-time, conference and meetings accounts. Enter then the following required username and password (case sensitive):

Username: **WHFP19**

Password: **hXvtyT**

4. After step 3 you may freely browse and access the Internet.

- **INFORMATION FOR SPEAKERS**

The duration of WHFP talks is indicated in the timetable available at:

<https://indico.cern.ch/event/whfp/>

Please notice that the total talk duration includes some time for questions/comments, namely 5 minutes (3 minutes) for 30 and 40 minutes (20 minutes) talks.

In the workshop amphitheater there will be a computer where the talks will be uploaded to. **You will not be able to use your own laptop to present your talk.** The preferred format for your file is PDF. If you wish to use Microsoft PowerPoint (PPT) be sure that there will be no incompatibility issues with the fonts. Two ways of avoiding such problems are either to save your PPT file with the “embedded fonts” options or to convert your file to PDF.

The final version of your talk file should be sent by email to: whfp@cftp.tecnico.ulisboa.pt until (at least):

- **The day before your talk, for talks in the morning**
- **The morning coffee break of the day of your talk, for talks in the afternoon**

Alternatively, you can upload your talk directly via indico as material of your contribution.

If for any reason you have some problem with sending your file to us, contact the conference desk or one of the organisers. We suggest that you bring a memory stick with the file of your talk.
