

12th Inverted
CERN School of Computing

4 to 7 March 2019

Lectures:

- Artificial Intelligence
- Big Data
- Computational Physics
- Machine Learning
- Container Orchestration
- Numerical Analysis
- Pattern Recognition
- Tensor Networks
- Track Finding

Hands-on exercises:

- Keras
- TensorFlow
- FPGAs
- Kubernetes
- Hadoop
- Spark

Registration and more information:
www.cern.ch/csc
