

# SPS this week

Monday: UA9 run, 24 h

Tuesday: LHC MD – no impact on NA, crystal studies

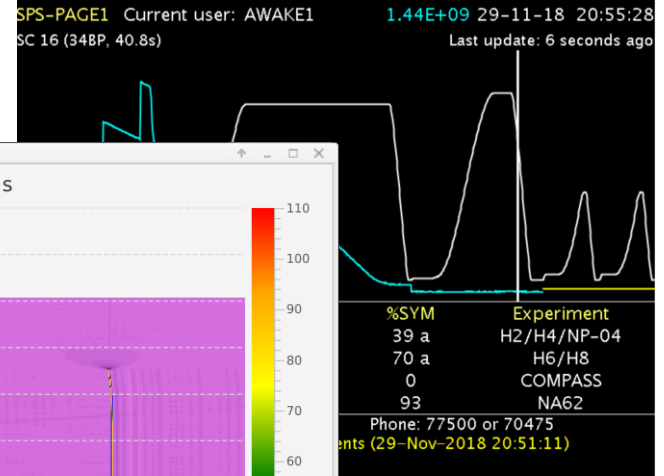

Wednesday: AWAKE destination in LEIR, timing upgrade; extraction issues. Finally OK.

Thursday: source re-fill

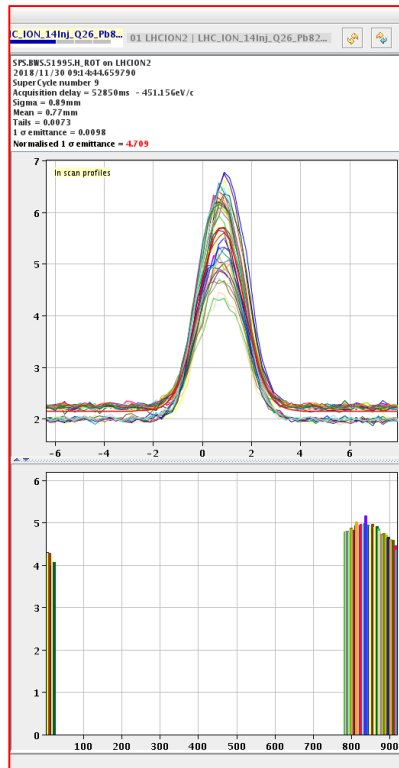

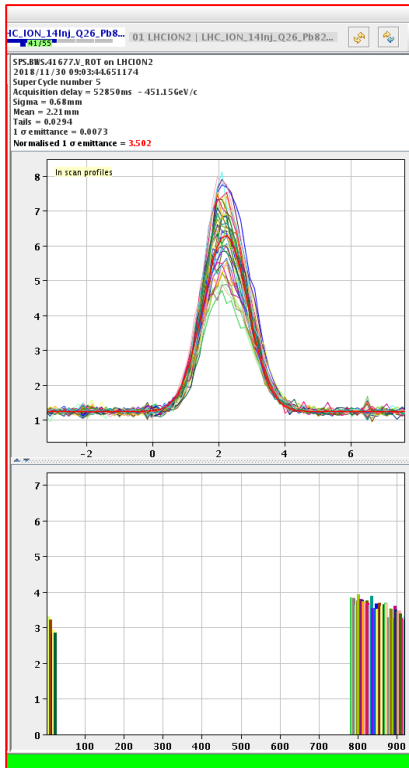

# Status

- Last week of SFTION run at 380Z GeV

# LHC ions

- Record luminosity with 75 ns scheme, 14 injections

Emittances of  $\sim 1.5$ - 2  $\mu\text{m}$
