

## **Session Program**

**10-12 Jul 2019**

## **International HiRadMat Workshop**

### ***Spallation Neutron Sources***

CERN, 503/1-001 - Council Chamber

## Thursday 11 July

13:20

### **Spallation Neutron Sources: Why In-Beam Testing and Development Is Important - The SNS Target Example**

**Session** | **Location:** CERN, 503/1-001 - Council Chamber | **Convener:** Bernard Riemer

13:50

13:50

### **Spallation Neutron Sources: Target development activities in J-PARC and related expectation in HiRadMat irradiation facility**

**Session** | **Location:** CERN, 503/1-001 - Council Chamber | **Convener:** Dr Masatoshi Futakawa

14:20

14:20

### **Spallation Neutron Sources: Fast Transient Beam-Matter Interactions at the European Spallation Source**

**Session** | **Location:** CERN, 503/1-001 - Council Chamber | **Convener:** Yong Joong Lee

14:50
