

## Requirements from the experiments

*Wednesday, 20 January 2010 14:00 (30 minutes)*

Expectations for 2010 in terms of integrated luminosity and energy. Physics potential given this. Requirements in terms of beam intensity, beam size and bunch configuration. Specific requests for special physics running conditions”.

Technical stop and likely maintenance requirements through the year.

**Author:** FERRO-LUZZI, Massimiliano (CERN)

**Presenter:** FERRO-LUZZI, Massimiliano (CERN)

**Session Classification:** Session 6: 2010 operation
