

Discussion: what are the language users' requirements?

Tuesday, 7 May 2019 16:00 (1h 30m)

- How to go from an ADL to performing a full fledged experimental analysis?
- How much do the current interpreters meet the analysts' needs? What is missing?
- Can we provide generic tools to parse ADLs in experimental analysis frameworks?
- How can we use ADLs for combination of analyses?
- ...
