

Topical Workshop - Low energy facility design and optimization through diagnostics

Wednesday 6 February 2019

Session 1: Low energy facilities and their design optimization - KBW lecture hall (09:30 - 10:30)

time	[id] title	presenter
09:30	[7] Operational aspects of ELENA and AD commissioning	GAMBA, Davide

Session 1: Low energy facilities and their design optimization - KBW lecture hall (11:00 - 12:30)

time	[id] title	presenter
11:00	[1] The electrostatic cryogenic storage ring CSR	Dr GRIESER, Manfred
11:45	[9] DESIREE – a compact low energy double ring	SIMONSSON, Ansgar
