

Topical Workshop - Low energy facility design and optimization through diagnostics

Thursday 7 February 2019

Session 4: Beam Diagnostics for Transport Optimization - KBW lecture hall (14:00 - 15:40)

| time | [id] title | presenter |
|-------|--|-----------------|
| 14:00 | [14] CRYRING@ESR | HERFURTH, Frank |
| 14:30 | [15] The Collector Ring @ FAIR | GORDA, Oleksii |
| 15:00 | [16] Monitoring of beam transport: Prospects of ultra-thin diamond detectors | CERV, Miha |
| 15:20 | [21] Realistic simulation of EM fields in traps and beamlines | GUO, Zhexi |
