

CERN
School *of* Computing

2019

12-18 May 2019 in Split, Croatia

High Throughput Distributed Processing of Future HEP Data

Lecturers

Sebastien Ponce, CERN
Andrzej Nowak, CERN
Danilo Piparo, CERN
Ivica Puljak, University of Split, Croatia

Director

Sebastian Lopienski, CERN

Local Organising Committee Chair

Ivica Puljak, University of Split

Technical Manager

Nikos Kasioumis, CERN

Administrative Manager

Joelma Tolomeo, CERN

E-mail: computing.school@cern.ch

The School is open to postgraduate students and research workers with a few years' experience in elementary particle physics, computing, engineering or related fields. All applicants are welcome, including former and future CSC participants in the main summer school.

The Thematic Schools are part of the annual series of CERN Schools of Computing, to promote advanced learning and knowledge exchange in scientific computing among young scientists and engineers involved in particle physics or other sciences.

They are shorter and more focused than the main Summer CERN School of Computing, but still maintain the same guiding principles: Academic dimension on advanced topics; theory and practice; networking and socialization.

Deadline for Application
10th February 2019
