

Beam Tests and Commissioning of Low Emittance Storage Rings

Tuesday 19 February 2019

High current effects (16:30-17:30)

-Conveners: Ryutaro Nagaoka

time	[id] title	presenter
16:30	[56] Comparison of impedance beam based measurements and simulations	Dr SMALYUK, Victor
16:50	[57] Experimental verification of impedance modelling for next-generation light sources	LINDBERG, Ryan
17:10	[58] Charge limit simulation of the HEPS accelerators	XU, Haisheng
