

21st International Workshop on Radiation Imaging Detectors

Wednesday 10 July 2019

Silicon, Pixel, chair: Val O'Shea (11:00 - 12:15)

time	[id] title	presenter
11:00	[70] Silicon Detectors for the LHC Phase-II Upgrade and Beyond – RD50 Status Report	PARZEFALL, Ulrich
11:15	[155] Characterization of irradiated p-type silicon detectors for TCAD surface radiation damage model validation	PASSERI, Daniele
11:30	[144] Development of the MYTHEN III microstrip detector	ANDRÄ, Marie
11:45	[124] Test beam characterization of irradiated 3D pixel sensors	GARCIA ALONSO, Andrea
