

# 21st International Workshop on Radiation Imaging Detectors

## Monday, 8 July 2019

**Ion Beam, chair: Valeria Rosso (17:55 - 18:40)**

time	[id] title	presenter
17:55	[165] Non-invasive visualization of the pencil beam scanning movement in an irradiated object during a carbon-ion beam therapy delivery	Mr FÉLIX-BAUTISTA, Renato
18:10	[170] Measurement of heavy ions with the charge integrating hybrid pixel detector Jungfrau	FRÖJDH, Erik
18:25	[175] Ion-beam imaging as a tool in ion-beam therapy – based on the technology of silicon pixel detectors	Dr GEHRKE, Tim
