

21st International Workshop on Radiation Imaging Detectors

Thursday 11 July 2019

GaAs, Diamond, TPC, chair : Nicola Guerrini (09:00 - 10:30)

time	[id] title	presenter
09:00	[1] GaAs:Cr as an alternative sensor material for hybrid pixel detectors in high-energy electron microscopy	Ms PATON, Kirsty
09:15	[121] Time response of avalanche photodiode based on GaAs/AlGaAs with separated absorption and multiplication region	STEINHARTOVA, Tereza
09:30	[156] Investigation of 3D Diamond Tracking Detectors for Timing application with TCAD tools	MOROZZI, Arianna
09:45	[134] Fabrication characterisation of 3D diamond detectors with a femto-second laser: Canceled	LOPEZ PAZ, Ivan
10:00	[160] A high pressure gas TPC detector for reactor neutrino : Canceled	YAN, WENQI
