

# CHATS on Applied Superconductivity 2019

## Tuesday 9 July 2019

### Session I: Experimental results in support of superconducting system modeling (09:30 - 10:30)

-Conveners: Arend Nijhuis

time	[id] title	presenter
09:30	[39] Heat transport in tilted stacks of HTS tapes at temperatures above 20K	TOMKÓW, Łukasz
10:00	[42] Hydraulic characterization of conductor prototypes for fusion magnets	LEWANDOWSKA, Monika

### Session I: Experimental results in support of superconducting system modeling (10:50 - 11:50)

-Conveners: Arend Nijhuis

time	[id] title	presenter
10:50	[41] Strand-Jacket Thermal Contact Resistance of REBCO Conductor Measured on Dummy Conductors	KANG, Rui
11:20	[40] Steady-state transverse heat transfer in a single channel CICC	DEMBKOWSKA, Aleksandra
