W1-6 Tests of quark and lepton flavour (PPD) | Tests de saveurs de quarks et leptons (PPD) - HC 114 (10:45 AM - 12:15 PM)

-Conveners: Christopher Hearty

time	[id] title	presenter
10:45	P2436 Status of the Belle II experiment and overview of early semi-leptonic and leptonic results	Dr CHEAIB, Racha HEARTY, Christopher
11:15	P2481 $R(D^{(*)})$ measurement at the Belle II Detector	WAKELING, Hannah
11:30	P2496 A Visualization of the Belle II Detector Through Photon Conversions	MACGIBBON, Ryan
11:45	P2474 Prospects of search for $B^+ \rightarrow \mu^+ \nu_{\mu}$ decay with the Belle II experiment	FODOR, Andrea
12:00	P2486 Measuring the anti-muon-neutrino induced charged-current coherent pion production using the T2K near detector	YU, Mitchell
