WIFI Networks

- Several Wifi networks available:
  - ‣ eduroam
  - ‣ guest-unige
    - ◉ no ecryption

- To use the guest network:
  - ‣ connect your mobile device to SSID '**guest-unige**'
  - ‣ make sure your browser accepts pop-up windows and javascript to run
  - ‣ open browser and type an HTTP/HTTPS request to any URL
  - ‣ you will be redirected to an e-portal where you can register and authenticate
