

Gravity and cosmology beyond Einstein

Tuesday, July 2, 2019 2:00 PM (1h 15m)

I will give an introductory review talk on extensions of general relativity, covering the following contents.

1. Introduction
2. General relativity and Lovelock gravity
3. PPN formalism
4. EFT approach
5. Massive gravity
6. Summary

Presenter: Prof. MUKOHYAMA, Shinji

Session Classification: Beyond II
