

# The Past, Present, and Future of Relativistic Heavy Ion Collisions

## Monday, 18 March 2019

### Symposium (14:00 - 18:00)

-Conveners: Christine Nattrass; Jacquelyn Noronha-Hostler

time	[id] title	presenter
14:00	[1] 30 years of jet quenching	WANG, Xin-Nian
14:30	[2] Toward an effective theory of quarkonium production nuclear matter	Dr VITEV, Ivan
15:00	[3] Past, present and future of high pt observables	DJORDJEVIC, Magdalena
15:30	[4] Stories/words about Miklos	
16:00	Coffee	
16:30	[5] Miklos++ version 70th	BARNAFOLDI, Gergely BARNAFOLDI, Gergely Dr BARNAFOLDI, Gergely Gabor
17:00	[6] The geometry and physics of jet energy loss	LIAO, JINFENG LIAO, JINFENG LIAO, Jinfeng
17:30	[7] Fulfilling Miklos's Dream: Quark-Gluon Plasma Everywhere	ZAJC, William
