Ovarian Cancer (Part I–Clinical)

- First medical speaker (Medical oncologist with overview of Ovarian Cancer: **TBD**)
- Second medical speaker (Emmanuel Deshayes – alphatherapy)

Ovarian Cancer (Part I–Preclinical)

Project from the European Union's Horizon 2020 research and innovation programme under grant agreement No. 642889.

- First speaker (Cristina Müller–Folate derivatives)
- Second speaker (Tony Lahoutte–Nanobodies)

Invitation of the 6 medical speakers to be sent out as of 22nd December

The indico site has been developed by C. Ferrari, and the link provided for test. The new version seems to be appropriate and was tested for abstract submission.

<https://indico.cern.ch/event/782482/>

Registration will be sent out with the second flyer. This is now foreseen for early next year, as soon as about ¾ invited speakers will have confirmed.

A provisional budget has been elaborated.

Students/post-docs : Early/regular registration : 500/600 Euros, full board

Researchers : Early/regular registration : 600/700 Euros, full board

Next meeting : 18th January, 2pm Geneva time
