

Workshop for Atmospheric Neutrino Production in the MeV to PeV range

Wednesday, 20 March 2019

Physics Motivation - ES building, Room 635 (13:00 - 16:30)

| time | [id] title | presenter |
|-------|---|--------------------|
| 13:00 | [1] Opening and goal of this workshop | ITO, Yoshitaka |
| 13:30 | [2] Atmospheric neutrino oscillation | WENDELL, Roger |
| 14:10 | [23] Terrestrial solar-scale neutrino oscillations | MINAKATA, Hisakazu |
| 14:35 | Coffee break | |
| 14:55 | [3] Accelerator neutrino oscillation | HARTZ, Mark |
| 15:35 | [4] The importance of understanding atmospheric background for high-energy neutrino detections with IceCube | LU, Lu |
