HR website – Experts contacts

The screenshot displays the CERN website interface. At the top left, the text "CERN Accelerating science" is visible. On the right side of the top navigation bar, there are links for "Sign in" and "Directory". Below this, a horizontal menu contains "About CERN", "Students & Educators", "Scientists", and "CERN community". The CERN logo is positioned on the left. The main content area features a large, circular visualization of particle tracks, with a central point from which numerous orange lines radiate outwards, set against a dark background with concentric circles. A mouse cursor is hovering over the center of this visualization. To the right of the main image is a "CERN Updates" sidebar containing a list of recent news items with their dates: "Hunting for dark quarks" (31 August), "AWAKE successfully accelerates electrons" (29 August), and "Long-sought decay of Higgs boson observed" (28 August). Below the list is a "Past updates >" link and a search box labeled "Search this site" with a "Search" button. At the bottom of the main image, there is a caption: "CANDIDATE EVENTS IN THE CMS SM HIGGS SEARCH CMS, 13/05/2012 21:08" and a "view image" link.

Any questions ?
